AGES AND STAGES

Ages and Stages is a questionnaire that provides accurate and, reliable developmental and social-emotional screening. It is designed to pinpoint developmental progress and catch delays. We will now be offering ages and stages at the centre. If you would like your child to participate or more information please email us directly.

FUNDRAISING

This month we will be asking parents to sell Cash Calendar tickets as a fundraiser. There will be 17 draw dates in December which means 17 chances to win \$25, \$150 and \$225. Tickets are \$10 each. We look forward to your help in making this a success!

A big shout to [Emma Armstrong](#) for sponsoring this fundraiser!
